Recycling at Work is a national voluntary initiative brought to you by:

Did you know...

- EPA estimates that as much as 45% of the 250 million tons of municipal waste generated annually in the United States is generated at workplaces.
- Each American leaves behind 102 tons of trash in a lifetime.
- Our current national recycling rate of 34% avoids greenhouse gas emissions equivalent to removing more than 36 million cars from the road each year.

Join us in recycling more.
